

SeedPlus is an early stage Singapore based fund with a hands on approach to working with its portfolio companies. Once the investment is in place, we'll help our portfolio companies to grow to profit or the next round of funding through our network and our full-time operating partners.

More information about us is available at www.seedplus.com

Senior Analyst

Location: Singapore

Job Description: You will primarily source, screen and evaluate new investments across Asia while also engaging with the Founders of SeedPlus's portfolio companies during their annual and quarterly strategy and business planning cycles. You will also assist the Partners with investment research.

Over time, the candidate is expected to take on a growing role in strategy, portfolio management and investments at SeedPlus.

The successful candidate for this role will have:

- A degree in Business/ Finance/ Economics/ Engineering from a top tier school and/ or an MBA/CPA/ CFA (though a Master's degree is not required)
- At least 2-3 years of experience in top tier firms in analytical fields such as financial advisory, management consulting, corporate/ investment banking; or senior business, strategy and finance roles at leading startups in Asia
- Familiarity with South East Asia is a requirement for this position
- Existing network of or familiarity with startups, founders, investors and prior experience at a VC or a growth stage PE firm in SE Asia will be strongly preferred
- Excellent analytical, written, oral communication skills and detail orientation
- Ability to challenge strong perspectives of operating executives by bringing in an investment mindset
- Willingness to work in a fast paced and high pressure environment
- An entrepreneurial mindset and being able to own and work on multiple work-streams simultaneously

Compensation will commensurate with experience.
